## Property Description

Immaculate penthouse property with enormous balconies facing both east and west offering city and river views

This perfected property occupies the 5th floor inside a solid and shining development in the downtown Sao Bento district of Lisbon. The life of inner-city Lisbon really is on your doorstep.

This Penthouse has never been lived in and is completely new. The living room and both bedrooms have direct access to the wide terraces.

The apartment enjoys its own elevator entrance which opens directly into the property. The lift requires security access code to reach the 5th floor of the building.

### **This property is comprised of**

: Two double bedrooms with fitted storage units.

: Two modern bathrooms ( One of which is the en suite to the master bedroom )

: Large open plan living, dining and kitchen area

: Two wide sky-terraces each with approximately 27m<sup>2</sup> in size. The terraces face East and West and provide plenty of space to host dinner parties and social events. The East facing balcony features an electric cover for protection against the sun or rain.

: Air conditioning throughout ( hot and cold )

: Private elevator entrance.

: Fitted kitchen with all new Bosch appliances.

: Two separate storage units totalling 12 m<sup>2</sup> in size ( these storage units are located in the basement of the building and are accessed by the elevator )

This property enjoys plenty of natural light. The terraces soak up the sun in both the morning and the afternoon.

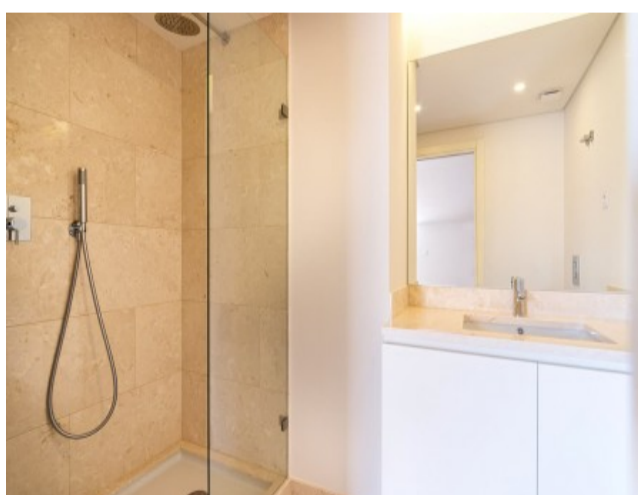

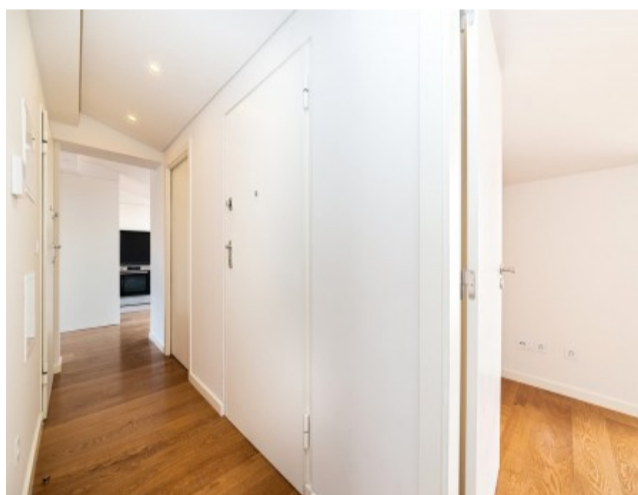

Finding a property so centrally located in the capital city that offers an outdoor living environment is a rarity. Penthouses not only platform the views of the city, they are protected from noise that city centres are accustomed to.

For lifestyle or investment this property offers location and luxury. Investors for yield return would expect high occupancy throughout 12 months of the year.
