## Property Description

Located in the middle of downtown Lisbon, next to the Comercio square and the Tagus river, this apartment is surrounded by many shops, theatres, museums, cafes, restaurants, and touristic attractions, to enjoy the best that Lisbon has to offer at a walking distance.

Baixa has been going through some significant renovations which made of this neighborhood one of the most attractive areas to invest and to enjoy.

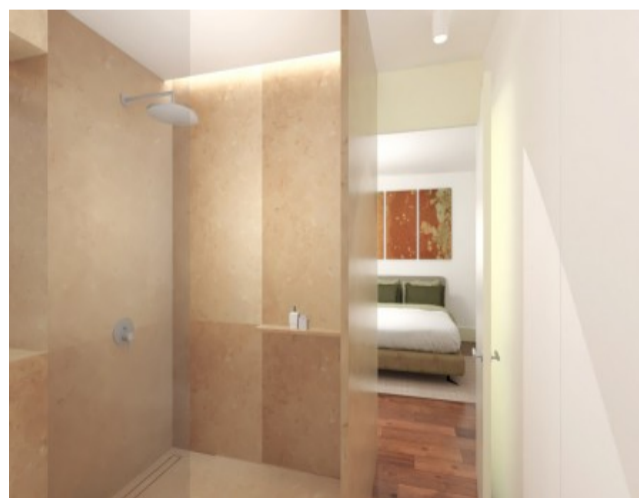

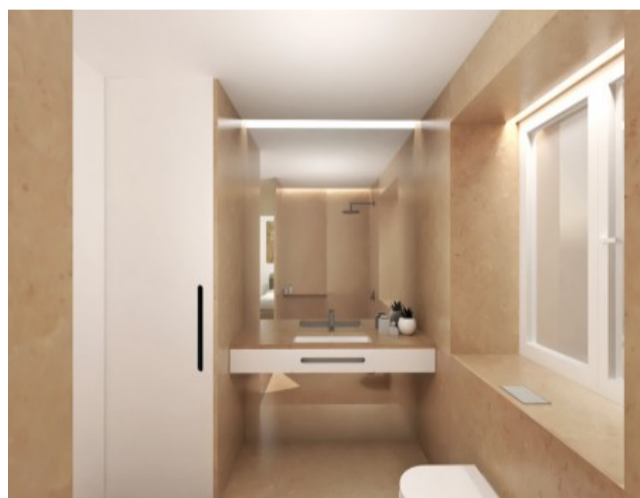

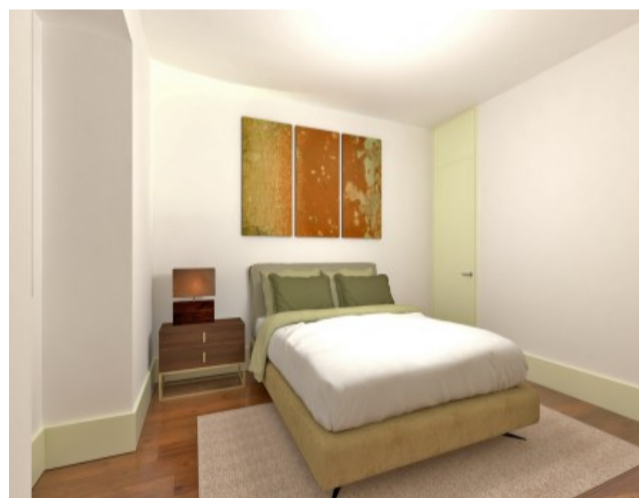

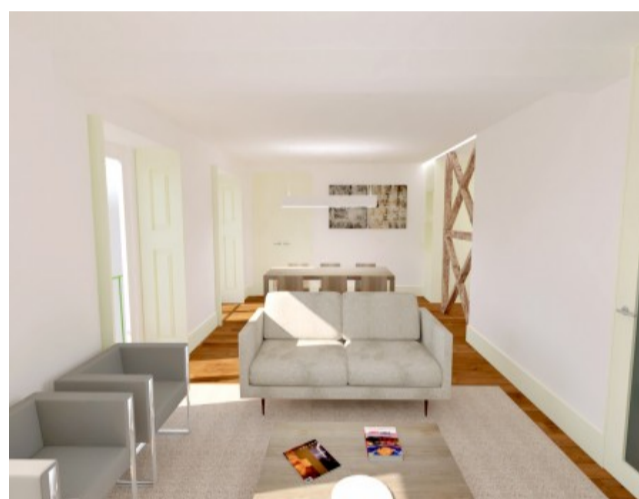

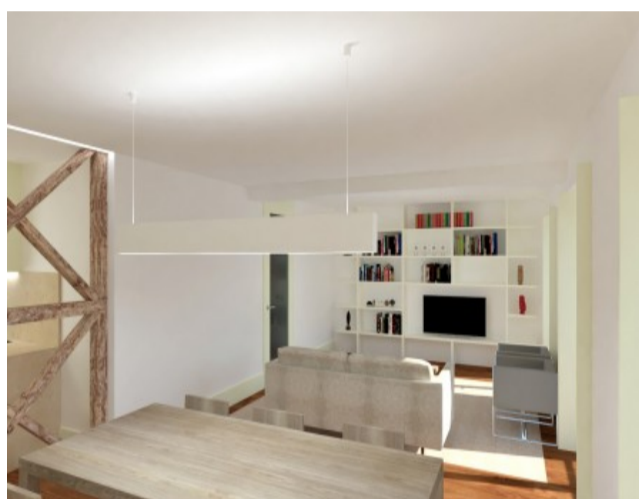

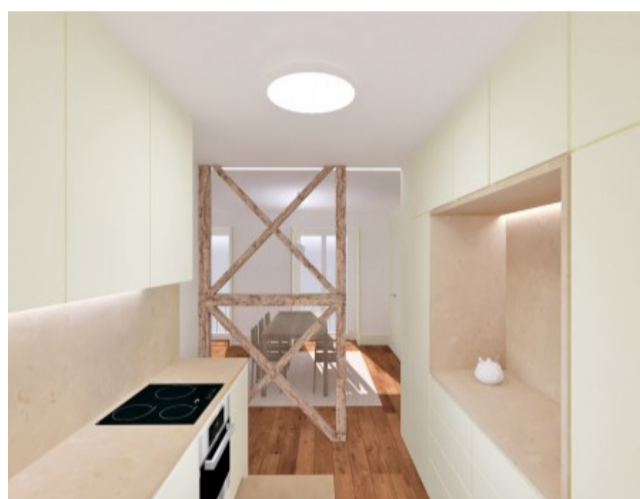

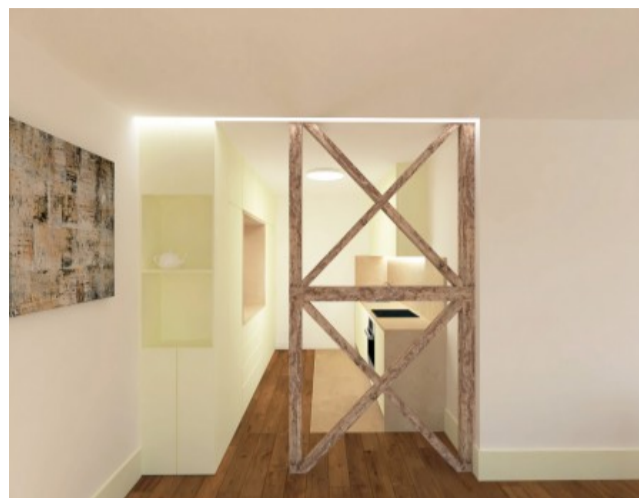

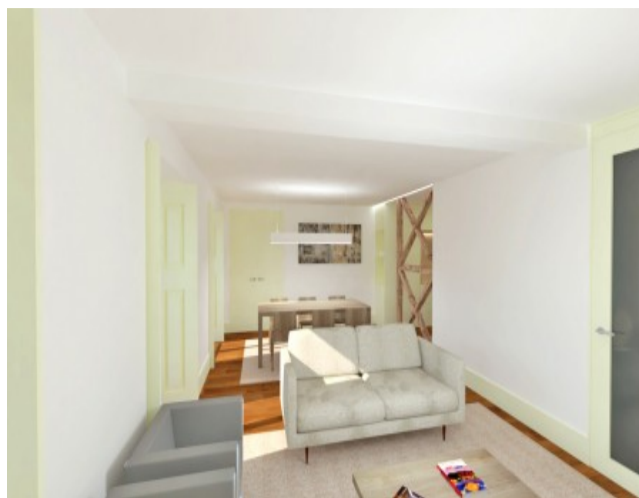

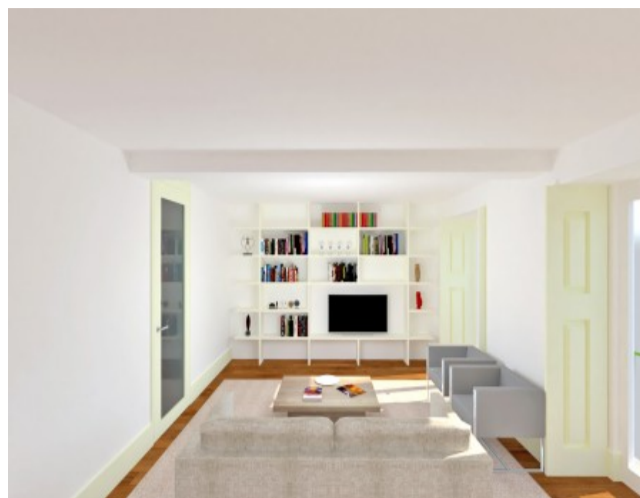

This neighborhood is the result of a complete reconstruction project led by Marquis de Pombal after the earthquake of 1755. Each street is still named after the trade that once defined them. Most of its actual buildings are also from the late XVIII century and still keep original traits.

This particular apartment features 3 bedrooms, 2 of which en-suite, a large living room, a fully equipped kitchen. It will be delivered fully refurbished with high-quality finishes and careful attention to the details.
